MICHAEL TAN

(+65) 8273 2492 | michaeltan@gmail.com | linkedin.com/in/michaeltan

OBJECTIVE

Passionate Data Scientist with a Master's degree in Machine Learning and a Bachelor's degree in Computer Science from the National University of Singapore. Eager to apply theoretical knowledge in real-world scenarios and contribute to the thriving data science landscape in Singapore. Committed to continuous learning and development to enhance practical skills.

EDUCATION

MS Machine Learning | National University of Singapore   **2021**

Relevant Courses: Advanced Machine Learning, Natural Language Processing, Data Mining
GPA: 4.2/5.0

BS Computer Science | Nanyang Technological University   **2019**

Relevant Courses: Algorithms and Data Structures, Database Systems, Artificial Intelligence
GPA: 4.1/5.0

EXPERIENCE

DBS Bank   **2020 – 2021**

Data Science Intern:

- Applied machine learning techniques to analyze customer behavior and improve recommendation algorithms.
- Collaborated with cross-functional teams to gather and preprocess data for analysis.
- Developed and implemented data visualization tools to present insights to stakeholders.

SKILLS

- Machine Learning Techniques
- Python Programming
- Data Analysis
- Statistical Analysis
- Data Visualization
- SQL
- Cloud Computing
- Communication
- Leadership
- Problem-solving
- Attention to detail
- Teamwork
